Cultural response to Monument Data call.docx

Hi Joel et al,

Here is the cultural section...I have to admit I did borrow language from the Bear's Ears example as they were very eloquent in their response and it worked for us. Let me know if I missed anything or if you need something more from me!

BLM Responses to Additional Questions for [Name] National Monument

a) Any legislative language, including legislation in appropriations bills

[Identify if there is any related legislation regarding your monument]

b) Alternative options available for protection of resources applicable at each monument, such as Native American Graves Protection and Repatriation Act, Paleontological Resources Preservation Act, Archaeological Resources Protection Act, Historic Preservation Act and agency-specific laws and regulations.

The following could provide some options to protect specific resources found in [Name] National Monument. Protection would likely occur on a site-by-site or resource-by-resource basis and also would take a significant amount of time to accomplish under these various laws. These laws may not provide a mechanism to protect all cultural or tribal resources in [Name] National Monument. [Provide any specific information or examples for your monument.]

National Historic Preservation Act, (NHPA)

Although a number of sites have been determined to be eligible to the National Register of Historic Places as required in the NHPA, the BLM Medford District manages cultural resources in accordance with the State Protocol agreement, which provides for an alternative approach to Section 106 compliance. Therefore, it is unlikely that protection of cultural resources would vary under the NHPA.

Native American Graves Protection and Repatriation Act, (NAGPRA)

Paleontological Resources Preservation Act, (PRPA)

There are a couple of fossil locales within the Monument, but neither are considered significant. These resources are however managed and protected through BLM directives and policy which does include the PRPA.

Archaeological Resources Protection Act, (ARPA)

American Indian Religious Freedom Act (AIRFA)

The Klamath Tribe has cited this act as the foundation for their support of the Maka Oyate Sundance ceremony, which is held within the Monument annually. However, AIRFA does not guide BLM management of the ceremony site.

c) Designated wilderness areas (name, acreage), Wilderness Study Areas (name if there is one, acreage, type), and/or areas managed to preserve wilderness or roadless characteristics that are not WSAs.

[Insert monument specific response]

d) Outstanding R.S. 2477 claims within a monument – type of road claimed and history [Insert monument specific response]

e) Maps [Insert monument specific response]

f) Cultural or historical resources, particularly Tribal, located near a monument but not within the boundary that might benefit from inclusion in the monument

[Insert monument specific response]

g) Other – general questions or comments

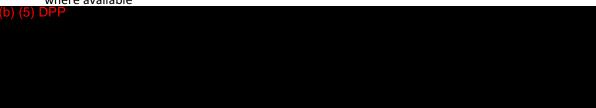

[Insert monument specific response regarding any other information that should be considered in the review of your monument]

Call for Data Related to Review of National Monuments under EO 13792 (April 26, 2017)

Please help us gather information about each of the items listed below, for each of the National Monuments listed below in Table 1.

- 1. Documents Requested
 - a. Resource Management Plans/Land Use Plans
 - b. Record of Decision
 - c. Public Scoping Documents
 - d. Presidential Proclamation
- 2. Information on activities permitted at the Monument, including annual levels of activity from the date of designation to the present
 - a. Recreation annual visits to site
 - b. Energy annual production of coal, oil, gas and renewables (if any) on site; amount of energy transmission infrastructure on site (if any)
 - c. Minerals annual mineral production on site
 - d. Timber annual timber production on site (in board-feet, CCF, or similar measure)
 - e. Grazing annual grazing on site (AUMs permitted and sold)
 - f. Subsistence participation rates for subsistence activities occurring on site (fishing, hunting, gathering); quantities harvested; other quantifiable information where available
 - g. Cultural list of cultural uses/values for site; number of sites; other quantifiable information where available
 - The Cascade-Siskiyou NM is culturally significant to the Grand Ronde, Siletz, Shasta and Klamath Tribes. All of the Tribes have stated that the Monument has special significance to them and has a number of places that are considered sacred. Tribes also conduct hunting, fishing, wood cutting and gathering of subsistence plants in addition to collecting medicinal and ceremonial plants and basket materials within the Monument boundaries.
 - 2. According to BLM Medford cultural resource databases, there are 214 cultural resource sites recorded within the Monument in the area that is managed by the Medford District. There are prehistoric and historic sites within the Monument. Prehistoric sites are those that were made by early Native Americans for a variety of resource gathering activities as well as habitation. Historic sites are those that were made by Euro-American emigrants to the area. Many historic sites are related to early 18th century home steading and livestock rearing activities.
 - 3. Klamath Tribal members participate in a Pan-Indian Sundance Ceremony that is held annually within the Monument. Although numbers vary from year to year, the Ceremony attracts up to 500 people of both native and non-native ancestry who witness or participate in the Sundance.
 - 4. Less than 5% of the Monument has been surveyed for Cultural Resources.
- 3. Information on activities occurring during the 5 years prior to designation

- a. Recreation annual visits to site
- b. Energy annual production of coal, oil, gas and renewables (if any) on site; amount of energy transmission infrastructure on site (if any)
- c. Minerals annual mineral production on site
- d. Timber annual timber production on site (in board-feet, CCF, or similar measure)
- e. Grazing annual grazing on site (AUMs permitted and sold)
- f. Subsistence participation rates for subsistence activities occurring on site (fishing, hunting, gathering); quantities harvested; other quantifiable information where available
- g. Cultural list of cultural uses/values for site; number of sites; other quantifiable information where available
 - 1. See response to 2 g.
 - 2. 149 sites were identified prior to designation.
- 4. Information on activities that likely would have occurred annually from the date of designation to the present if the Monument had not been designated
 - a. Recreation annual visits to site
 - b. Energy annual production of coal, oil, gas and renewables (if any) on site; amount of energy transmission infrastructure on site (if any)
 - c. Minerals annual mineral production on site
 - d. Timber annual timber production on site (in board-feet, CCF, or similar measure)
 - e. Grazing annual grazing on site (AUMs permitted and sold)
 - f. Subsistence participation rates for subsistence activities occurring on site (fishing, hunting, gathering); quantities harvested; other quantifiable information where available
 - g. Cultural list of cultural uses/values for site; number of sites; other quantifiable information where available

- 5. Changes to boundaries dates and changes in size
- 6. Public Outreach prior to Designation outreach activities conducted and opportunities for public comment
- 7. Terms of Designation
